MEMBRANE SWITCHES

MEMBRANE SWITCHES

Our signature product line — custom membrane switches — are engineered for durability, precision, and clean design. We offer everything from **backlit and waterproof assemblies to capacitive-touch, PCB/FPC-integrated, and silver- or copper-flex circuits**, all built to your exact specifications.

Whether it's for **industrial controls, medical devices, or consumer electronics**, our membrane switches deliver the perfect balance of form and function.

GRAPHIC OVERLAYS

Bring your brand and interface to life with **vivid, durable graphic overlays** in materials such as **PET, polycarbonate, acrylic, or glass**.

Choose from **digital or silk-screen printing**, custom embossing, and premium **adhesive systems** for flawless fit and finish.

We also produce **nameplates, labels, and decals**, giving your products a professional edge and long-lasting visual appeal.

SILICONE KEYPADS

Our **custom silicone rubber keypads** combine tactile comfort with rugged performance.

Designed for **repeated use and perfect feedback**, these keypads can be fully customized in shape, color, hardness, and surface finish.

We also offer **integrated circuitry and lighted keypad options** for premium user experiences across industrial, automotive, and consumer applications.

ADDITIONAL CAPABILITIES

Flexible Printed Circuits:

Integrated circuit layers for compact, reliable connections.

Back-Lighting Solutions:

LED, EL, and LGF illumination for bright, even, energy-efficient visibility.

OEM & ODM Services:

Support from concept & prototyping to full-scale manufacturing.

Custom Branding

Components: Overlays, nameplates, & decorative films tailored to your design.

Advanced Finishing

Options: Embossing, texture, waterproofing, adhesives, & more.

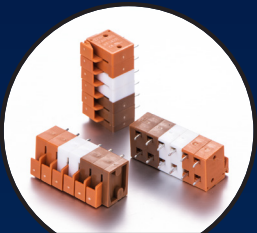

Industries We Serve: Trusted by global partners across industrial automation, fire-protection systems, medical technology, and consumer electronics, Kingway builds components that look as good as they perform — helping your products connect, communicate, and endure.
